

Ultimate Medical Stool

The most hygienic stool on the market.

Designed from top to bottom for the medical profession.

The **healthHcentric Ultimate Medical Stool** is the most hygienic stool on the market. It features either a foot activated paddle or disc, allowing for easy adjustment to multiple seat heights without the use of hands. The hands free mechanism help maintain infection prevention standards and is ideal for operating rooms, exam rooms, and other areas where infection prevention is top priority.

Backed by a 10 year warranty, the IC Plus™ PVC-free upholstered seat and under seat seal completely seal the seat pan, including the underside of the seat, to offer a seamless and impermeable solution against liquids and pathogens.

UMS Chrome Package with Frixion Fabric Seat and Foot Activated Disc

UMS Black Package with IC Plus Seat and Back and Foot Activated Disc

UMS Chrome Package with IC Plus Seat and Foot Activated Treadle

Frixion™
Healthcare Fabric

Prevent Falls from Chairs

The only Ergonomic Healthcare Fabric available

Stools and chairs in clinical settings are typically upholstered in vinyl and other slippery coated materials. healthHcentric's new Frixion Healthcare Fabric allows the user to stay firmly positioned in their seat. It also withstands hospital grade cleaners and disinfectants. Frixion is created by adding healthHcentric's proprietary **anti-slip technology** to certain hospital grade coated fabrics.
